E. Luschnig's *An Introduction to Ancient Greek: A Literary Approach* prepares students to read Greek in less than a year by presenting basic traditional grammar without frills and by introducing real Greek written by ancient Greeks, from the first day of study. The second edition retains all the features of the first but is more streamlined, easier on the eyes, more gender-inclusive, and altogether more 21st century. It is supported by a Web site for teachers and learners at <http://worldwidegreek.com/>.
